Youth Hostels

Danish youth hostels are for everyone at every age at an inexpensive rate. Guests rent a bed in a dormitory-style set-up and share common bathroom, kitchen, and lounge rooms. Rooms can be coed, all male, or all female. Practically all hostels in Denmark offer new beds and bedding. Guests can either bring their own bed linen or sheet sleeping-bag, or rent bed linen from the hostel. Sleeping bags are not allowed. Prior to staying at a youth hostel, you are recommended to take out either a youth hostel card issued by the Youth Hostel Association of your home country or buy an international youth hostel card at any of the Danish youth hostels at a price of DKK 160. Visit www.danhostel.dk for more information.

Other suggestions:

Beyond hotels, some people have had success with booking private apartments through Airbnb.com. This is a particularly popular choice for visitors in town.
